**WELCOME TO BETHEL
 MAKING DISCIPLES**

When you hear the word discipleship, what comes to mind? Most of us tend to think about a curriculum. Or maybe we think about programs or classes. But the reality is, curriculums don't make disciples. Programs don't make disciples. Classes don't make disciples. Disciples make disciples.

Disciple-making is a relational process of helping people to "follow Jesus and be like Him." It is recognizing that people are at different stages of spiritual development and then responding appropriately to help them move to a higher stage of relationship and development in God.

Disciple-making is the full-circled process of seeing people come to the new-birth experience, grow in Jesus Christ, and then become equipped so they can go and repeat this process with other people.

The defining traits of disciples are faith, love, and obedience. If we truly possess these traits, we have no choice but to make more disciples by leading others to a closer relationship with God.
